SUMMARY

I am a passionate web developer with a Master's degree in Computer Applications (2023). I have experience working on real-world projects using React.js, Node.js, and MySQL. At Motion cube studio, I have built user-friendly and responsive websites. I enjoy learning new technologies and working with teams to create useful and modern web applications. I'm looking for opportunities where I can grow and contribute to exciting projects.

SKILLS

- **Frontend:** HTML, CSS, JavaScript, React.js, Astro, GSAP, Responsive Design.
- **Backend / Databases:** Node.js, MySQL, API Integration.
- **Tools & Version Control:** Git, GitHub.

EXPERIENCE

Front-End Developer

Motion cube studio, Indore | May 2024 - Present

- Developed and maintained responsive UIs using HTML, CSS, JavaScript, React.

- Integrated REST APIs and handled state management (Hooks/Context API), ensuring smooth data flow and reducing UI bugs.

- Collaborated with backend and design teams using Git to deliver features on time, improving product stability and workflow efficiency.

Web Developer Intern

Indore Digital, Indore | Jan 2023 - Mar 2023

- Supported web development projects using HTML, CSS, JavaScript.

- Collaborated with senior developers to implement new features, write clean code, and follow best practices using Git and GitHub.

EDUCATION

MCA - Medi-Caps University, Indore | 2023

B.Sc. (CS) - Barkatullah University, Bhopal | 2021

PROJECTS

Attendance Panel Dashboard

React.js, Node.js, MySQL

- Designed a dashboard for managing employee attendance
- Integrated front-end with backend APIs (Node + SQL) to fetch and display attendance data accurately.
- Worked on fixing UI bugs, optimizing components, and ensuring responsive design across all devices.

Caballero's Electric LLc

HTML, CSS, JavaScript ,Gsap

Developed a fully responsive website for a solar and electrical services business using HTML, CSS, JavaScript, and GSAP, ensuring smooth UI animations, mobile-friendly design, and clear presentation of services.
